

Hi,

If you are reading this, I am dead. There is no more Summer Devi Mehta (the artist formerly known as Amar Raja Mehta) in this world. Ding dong the witch is dead am i right? You might be thinking “summer you had so much to live for!” And while that may be true it’s kind of funny that I died right? Like,” rich girl in the middle of the suburbs, why did she kill herself?” Turns out I just wasn’t built for the rich life. I wish I went out in a more majestic way, like being shot in the head at a debate in Utah. Sadly I am not the Kirkinator I aspired to be. Some of you might not know me... and you never will (haha). btw if you’re looking for my motives check the second page, yes there are two pages, that’s how fucked up I am (or was). But first I should really get to the logistical stuff...

for Paly Theatre and Pride and Prejudice (go see the show btw) as Assistant Director I believe that I should cause some chaos before I go, but I won’t. Ill miss you all

for Choir and the Pops Concert: don't worry Stage Manager was replaceable anyways

for my Math Project: sorry yall I kinda took the graph. Yall should be able to recuperate and can probably get an extension

for Paly DnD: you're one DM short... sorry, also in geneva's campaign give a Jack's story a happy ending

Yeesh can you see how boring my life was, thank god i'm dead, amiright? As you can see, I wasn't that important to anything. There are some things I wish I did but at this point it's probably too late (cause I'm dead, do you get the joke?). Lowkey I am sorry for both the atrocious grammar and the fact that this is just on printed paper... I said sorry, what more could you ask for. But I am sorry for actual things, I'm sorry that there was very little warning, I'm sorry that the world will be with much less swag without me. I'm sorry that you wasted time thinking about me, I'm sorry if I inconvenienced you in any way with this death.

Death is a really funny thing isn't it. It's not so scary when it's in the future and when it's near death is horrifying. Today I will face death and fear head on :3. I really will miss yall and am sad at the opportunities I'll never get to do. Please don't hold a funeral for me or anything like that. Any money you would've spent on that just donate to Gaza relief or something decent. It's all quite confusing, I made these letter because I wanted to help people deal with me going away but in doing so I draw more attention towards me, leading to more undeserved pity. SOOOOOOOO I will use my platform for social activism! Fire Brent Kline, he highkey sucks balls. Give paly teachers a nice bonus for putting up with whatever the fallout will be.

Since part of the reason I'm killing myself has to do with my life as a trans person, I want to make a stupid decision (on top of all the stupid ones I've already made). I want someone out there to organize a fundraiser for The Trevor Project at the goal of \$1 Million dollars, then some more good comes out of my death.

Now I gues I ought to get to my reasons for killing myself in no particular order (besides number 1, number 1 is the main reason)

Primarily the reason was the death of my best friend Ash He and the subsequent realization that followed it. I am cursed, cursed to lose my friends as life goes on constantly finding new hope and quickly after, new losses.

Secondarily is that I'm just so fucking tired. Life is too difficult and I'm too weak, so I give up

Third is that I'm really just a shitty person. I cannot name a single person I know who I have not hurt in one way or another

Fourth is that the world is too fucked and I'm too much of a baby to do anything about it

Fifth is that my life was going nowhere. i'm bad at everything I try and cannot find passion in things

Sixth is that hopefully in some sick twisted way this will put an end to the palo alto high schools suicide curse

Seventh is because it will make some people happy to see me die

Eight is because even when I'm not a shitty person, I get in the way (physically and emotionally)

Ninth is because no matter what I do this was inevitable

and last but not least...

Tenth, I can pick out one person to name right now and fuck their head up forever...

So whose name should I pick????

Now the obvious choice is DJT and personally I could say someone who bullied my friends. But the funniest choice, has to be the man I've already named: Brent Kline

Now the man himself is fine, but what he represents, everything wrong with PAUSD is very much at fault.

So yeah, that's it I'm dead.

I'm truly sorry for all that I have done,
SM

P.S

I wrote a joke you can use against my dead corpse

Summer was such a stereotypical _____, (hold for laughter) you wanna know the difference between Summer and any _____ alive?

The difference is the other _____s are alive
